

# Protocols to Follow

## Before you come to church:

### *Assess your risk factors:*

1. Are you over 65 years of age?
2. Do you have respiratory problems?
3. Has your doctor advised against you attending gatherings at this time?

**Act:** If you answered "yes" to ANY of these questions, then you should consider not attending in-person due to your personal risks. We are not telling you to stay home; we are telling you that you must determine what is best for you and your family.

### *Assess your own health:*

1. Have you in the past 48 hours had a severe cough?
2. Have you been experiencing shortness of breath?
3. Are you running a temperature of 100.5 or higher?
4. Have you knowingly been around anyone who has had COVID-19 symptoms in the past week?

**Act:** If you cannot answer "no" to ALL of these questions, please do not attend at this time.

## When you arrive at church:

- Follow instructions of the hospitality team
- Workers go immediately to screening area
- Allow greeters to open entrance doors
- Proceed immediately to the area where you will view the service: main building, Family Center, Open Door, or basement
- Practice social distancing

## Immediately following the service:

Weather permitting, please move to the lawn and/or parking lot to fellowship while maintaining social distancing.
